Daily Attendance Record and Monthly Summaries

- Directions
- In the Daily Attendance Record, page 14, write in alphabetical order first the names of the boys and then the names of the girls, giving in each case the surname first.
 - Give under Age the age each child was on September 1, and do not change the age during the session.
 - On the last school day of the month fill in all the items called for in the summary for the first month shown on this page, and mail the monthly report to the superintendent's office or clerk of the school board, as directed. Do the same for each of the succeeding months.
 - Average daily attendance for any month is found by computing the total number of days pupils were present that month and dividing this number by the number of days school was open that month; for example, if 25 pupils were present a total of 455.5 days in any month, and the school was open 20 days that month, the average daily attendance is 455.5 divided by 20 which equals 22.7 or 23. Average daily attendance for the term or year is found by computing the total number of days pupils were present during the year and dividing this number by the total number of days school was open during the term. (Average daily attendance for the term cannot be found by adding the daily attendance for all months taught and dividing by the number of months school was open, except when each school month has exactly the same number of days taught.)
 - Percentage of attendance is found by dividing total days on the roll into total days present.

DIRECTIONS.—After the number of pupils (boys and girls entered in separate columns) is filled in properly in the first vertical column for the first grade and then for the other grades, the number in each grade is to be totaled as provided opposite "Total—A;" then the number of boys under seven years of age for all the grades as recorded should appear in the proper space in the first column under "Total—D," and in like manner the number of girls under seven years of age should be totaled. By the same method the number of boys and then the number of girls of the other ages represented should be totaled in the appropriate spaces under "Total—D." "Grand Total—B" merely represents the sum total of boys and girls recorded under "Total—D." The total of all of the items opposite "Total—A," and the total of all of the items under "Grand Total—B" placed at the bottom of the column headed "Grand Total—B" should be the same. Likewise the total of boys and girls under "Total—D" should equal the total under "Grand Total—B." This is an easy method of checking the data required in this table.

A further check should be made of the Age-Grade Distribution against the table appearing under Summaries for Term shown elsewhere in this register; for example, the totals, boys and girls, for grades 1, 2, 3 and 4 in the Age-Grade Distribution should be the same as the total of item 9 in Summaries for Term. Again, totals, boys and girls, for grades 5, 6 and 7 in the Age-Grade Distribution should be the same as the total of item 13 in Summaries for Term. Totals, boys and girls, for grades 8 and 9 in the Age-Grade Distribution should be the same as the total of item 17 in Summaries for Term, and the total, boys and girls, of grades 10 and 11 in the Age-Grade Distribution should be the same as item 21 in Summaries for Term.

"Total—C" above calls for the total number of pupils, boys and girls, promoted, failed, and dropped for each grade. These totals when summarized should check with the summaries of these items under Summaries for Term.

The Age-Grade Distribution called for in the Term Report is exactly the same as the distribution called for on this sheet, except that boys and girls are not separated in the table on the Term Report. It is suggested that this sheet be filled out first and that the number of boys and girls in this record be added together to provide the data required for the Age-Grade Distribution on the Term Report.

2. All pupils in the public elementary and high schools shall receive as a part of the educational program instruction in physical education and health as may be required by the State Board of Education and approved by the State Board of Health.

3. Under this provision of the law the State Board of Education has provided that at the beginning of the session physical inspections shall be made by the teachers of all students enrolled and an accurate report shall be kept of the findings. It must be borne in mind that this is a physical inspection and is in no sense a medical examination or a technical diagnosis. Defective teeth, hearing, vision, mouth breathing and underweight can be about as readily detected by the thoughtful school teacher as by anyone else.

The State Board also requires that the other three phases of physical and health education as outlined in the elementary and in the high school courses of study under the headings of Daily Physical Inspection, Health Habit Work, and Physical Education Activities shall be a regular part of the daily programme of all the public elementary and high schools of the State. The courses of study for the elementary and high schools, and from time to time special bulletins, will indicate precisely what program should be offered and how it may be given.

4. The State law requires that every teacher in the public schools shall hold a certificate showing that a satisfactory course in physical education, including school hygiene, has been completed. The teacher-training institutions are now offering these courses as a part of their regular requirements. Opportunities are afforded during the summer quarter for teachers to secure credits for this certificate. In addition a correspondence course of study is offered through the State Board of Health for the completion of which certain certificate credit is allowed. For further information address the State Board of Health, Richmond, Virginia, or the State Board of Education, Richmond, Virginia.

By September 1, 1925, no person shall receive a certificate to teach in Virginia without presenting satisfactory evidence of having completed a course in physical education as prescribed.

CHIEF FEATURES OF COMPULSORY ATTENDANCE LAW

1. Unless the county or city is legally exempted, every child between the ages of eight and fourteen years, that is, every child who has passed his eighth birthday but has not passed his fourteenth birthday, shall be in attendance at a

public or private school, unless he has completed the elementary course at his home school and is regularly and lawfully employed, or lives more than two miles from school or one mile from a wagon route, or unless he is physically or mentally incapacitated.

2. Within fifteen days after the opening of the school each head or principal teacher shall report to the division superintendent the names of all children enrolled in the school, giving age, grade, and name and address of parent or guardian. (For this report use Form C.A. No. 1.) The teacher shall also report on Form C.A. No. 2 the pupils between the ages of eight and fourteen who reside within two miles of the school, or within one mile of a wagon route, and who are not enrolled.

3. From these reports and other information the superintendent shall, within fifteen days, make a list of the names of children not enrolled in any school, and who are not exempt from enrollment, and shall directly investigate, or authorize the attendance officer to investigate each case of non-enrollment and when no valid reason is found shall notify the parent or guardian and require the attendance of each child at the school within five days from the date of such notice. (This notice is Form C.A. No. 5.) The principal or head teacher shall be furnished by the superintendent or attendance officer a list of parents or guardians who have been sent notices of non-enrollment. (For this purpose a duplicate of Form C.A. No. 5 is used.)

4. On Form C.A. No. 7 the superintendent or attendance officer shall be notified by the principal or head teacher of every case of inexcusable absence from school for five days or its equivalent in any school month, reporting the nature of the unsatisfactory excuse on the back of the form. Such a case shall then be brought to the attention of parent or guardian concerned by the division superintendent or attendance officer by the use of Form C.A. No. 6 and a copy of this form shall also be sent to the teacher of the child concerned. A parent or guardian who fails to return the absent child to school may then be proceeded against under the law.

5. When a parent or guardian states in writing that he is unable to control his child, the attendance officer shall proceed against such child as a delinquent child before a tribunal of competent jurisdiction.

6. A fine is provided both for non-enrollment and for non-attendance at school.

Teachers are urged to cooperate in the provisions of this law to improve enrollment and to materially increase the average daily attendance.

 Teacher Mary Hicks Race white School Year 1926-1927
(Mr., Mrs., or Miss)

DIRECTIONS.—With ink write below in alphabetical order first the names of boys, and then the names of girls, giving in each case the surname first. Give in column two, age on September 1st. See the register for method of computing average attendance and percentage of attendance. Under school subjects below, write a fraction in proper space after each name, the numerator to show the grade the pupil is in for current session and the denominator the grade to which promoted; modify subject titles for high school use.

TERM REPORT—Elementary and High Schools

Division Bedford District Lushon School Union
 Teacher Margaret Brunette Race white School Year 1926-27
(Mrs. Margaret Miss)

DIRECTIONS.—With ink write below in alphabetical order first the names of boys, and then the names of girls, giving in each case the surname first. Give in column two, age on September 1st. See the register for method of computing average attendance and percentage of attendance. Under school subjects below, write a fraction in proper space after each name, the numerator to show the grade the pupil is in for current session and the denominator the grade to which promoted; modify subject titles for high school use.
